

Three times Seven times Eleven oh no Is Two Thirty One

(Sing to Louie, Louie)

Three times Seven times Eleven oh no
Is Two Thirty One

Aye-yi-yi-yi, I said

Three times Seven times Eleven oh no
Is Two Thirty One

Yi, yi yi,

A fine little number celebrating

The birth of our nation

13 colonies

Two hundred Thirty one years ago
It started with a group of prime numbers

Three times Seven times Eleven oh no
Is Two Thirty One

Aye-yi-yi-yi, I said

Three times Seven times Eleven oh no
Is Two Thirty One

Yi, yi yi,

Even on this holiday

Math is embedded in our history

Odds and Stats are what we do

Go to class and you'll know that too

Three times Seven times Eleven oh no
Is Two Thirty One

Aye-yi-yi-yi, I said

Three times Seven times Eleven oh no
Is Two Thirty One

Yi, yi yi,

Let's Go!
